This has proven to be very effective and advantageous to its members but most importantly to our clients. Being a member demands some commitment whereby members should be active and interested in international affairs.

## Our History

AITC was originally founded by a small group of seven tax consultants in 2001 led by Andrea Nisi. In time the need was felt to enhance our services by setting up a vaster network of tax professionals that share their thinking, experience, information and solutions to ultimately provide our clients a value added service.

## The AITC Board

AITC works on a rather informal basis whereby a membership fee of € 300 is paid annually and your commitment to meet our members during our yearly general meeting held in the different countries of our members. Members also need to have a good command of the English language.

Being part of the AITC network facilitates contact between members which is mostly carried out on a bilateral basis. You are free to choose the member country with which you want to contact having the peace of mind that you will be taken care of, given priority and most importantly the best professional advice by trustworthy professionals.
